

## White Paper: Naturopathic Role in a Pandemic

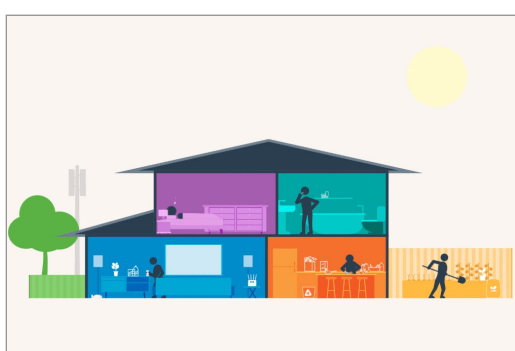

The WNF has completed a White Paper outlining the role of the naturopathic profession in a pandemic. We encourage you to share it with policy makers in your country.

The Rapid Reviews completed by the international naturopathic research community have been completed. They are posted on the [Elsevier Advances in Integrative Medicine site](#) and the [World Naturopathic Federation \(WNF\)'s website](#).

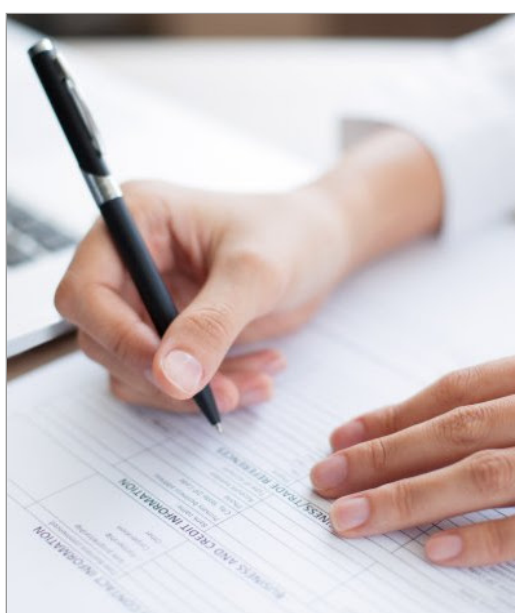

All WNF members will receive a copy (or two) of the journal in the mail. We encourage you to share this information widely.

## Animated Video: Understanding Environmental Pollutants

The WNF has recently released their 2nd [animated video](#) in five languages. This one focuses on environmental pollutants. We will be launching a website to educate the public on environmental pollutants later in October. This initiative will be supported with a two-year social media campaign. We encourage you to share the posts with your community.

## Knowledge Mobilization Survey: Please Participate

The WNF, with the help of naturopathic researchers, is conducting an online survey to describe the approach taken by naturopathic practitioners in using and sharing different types of knowledge and information in clinical practice. The survey will take between 20 and 40 minutes to complete and is available in five languages. Naturopaths from around the world are being invited to participate. Please share the invitation that the WNF sent to you with your members. If you have any queries with regards to this study, please contact: [Dr. Amie Steel \(Chief Investigator\)](#) or [Dr. Iva Lloyd \(WNF President\)](#).

## Do You Want to Start a Community Clinic?

The WNF is planning our next fundraising initiative that focuses on naturopathic community clinics (NCCs) to coincide with the publication of the survey on NCCs. For the fundraising initiative we will be highlighting one location. If you are interested in starting an NCC, please submit a request to the WNF outlining how you see it helping your community. We will be picking one of the requests for the fundraising initiative.
