

# WNF Members' Newsletter

## May 2024

Welcome to the 5th edition of the WNF Members' Newsletter. As a companion piece to the quarterly WNF Up-date, our Members' Newsletter highlights key activities of our members and partners. If you have a story to share, please contact [info@worldnaturopathicfederation.org](mailto:info@worldnaturopathicfederation.org)

### Australia

In addition to welcoming a new Executive Officer, Naturopaths & Herbalists Association of Australia (NHAA) has had a number of other significant achievements since the last edition of the WNF Members' Newsletter.

### Norway

At the WNF General Assembly, Norske Naturterapeuters Hovedorganisasjon (NNH)'s deputy leader Jarle Botnen and chairman John Petter Lindeland took the opportunity to create new networks with colleagues from Brazil, USA, Canada, Europe, Africa, Australia, and Denmark.

### Philippines

The Polytechnic University of the Philippines (PUP), a State University College in the Philippines, has approved Certification Course Program for Naturopathy. PUP is the First Naturopathic State University in the Philippines. PUP is now working towards the creation of Bachelor of Science in Naturopathic Medicine Degree that will lead to Professionalize the Naturopathic Medicine Profession in the Philippines. ### United States

CanXida is proud to support CommunityWellness, a nonprofit committed to making integrative health care accessible to all, regardless of income. Offering services like acupuncture, chiropractic, and massage in San Diego, they ensure healing from the root cause. Through their unique model, full-priced services fund free and low-cost treatments for the community. [Learn more](#) about their impactful work.

## Let the WNF Share Your Conference or Event Announcement with the World!

Are you interested in letting the international community know about your conferences and events? One of the benefits of being a WNF member is that we will share your posts through the WNF social media platforms and the [WNF website!](#)
